

Notice of Annual General and Special Meeting of Shareholders

Management Proxy Circular
August 26, 2019

August 26, 2019

Dear Shareholder:

On behalf of the Board of Directors and Management of First Cobalt Corp. (the "**Company**"), we would like to invite you to attend the annual general and special meeting of shareholders:

Date: Wednesday, September 25, 2019

Time: 10:00 a.m. (Toronto time)

Location: Suite 2400, Bay-Adelaide Centre, 333 Bay Street, Toronto, Ontario, M5H 2T6

When we started this Company in early 2017, we were joined by almost 100 other companies looking for sources of cobalt to supply the revolution in mobility and energy storage that is quickly taking hold. The cobalt market in 2018 was a more challenging environment and there are only a small number of active cobalt companies remaining. Our decision in Q3 2018 to temporarily curtail exploration activity and focus on bringing refined cobalt to the North American market has served us well. The strategic relationship recently announced with Glencore AG is intended to result in a recommissioning of the First Cobalt Refinery as early as 2020 with a significant expansion targeted about one year later.

The year ahead will be about creating shareholder value through execution of a fully-funded refinery strategy to achieve first cash flow in 2020-21. As the cobalt market strengthens, we will also look to continue to de-risk our cobalt exploration assets.

The enclosed Management Proxy Circular contains information about voting instructions, the business of the meeting, the nominated directors, corporate governance practices and how the Company compensates its executives and directors. At the meeting, we will also discuss highlights from the past fiscal year and some of our plans for the future.

Your participation in the affairs of the Company is important to us. Please take this opportunity to exercise your vote, either in person at the meeting or by completing and returning your proxy form.

We appreciate your support as shareholders and we will continue to work for your interests. We look forward to seeing you at the meeting.

"Trent Mell"

MANAGEMENT PROXY CIRCULAR

This management proxy circular (the “**Circular**”) is provided in connection with the solicitation of proxies by the management (“**Management**”) of First Cobalt Corp. (the “**Company**” or “**First Cobalt**”) for use at the annual general and special meeting (the “**Meeting**”) of the holders of common shares of the Company (the “**Common Shares**” and the holders of the Common Shares, the “**Shareholders**”) to be held on September 25, 2019 at the time and place and for the purposes set forth in the accompanying Notice of Meeting and at any adjournment thereof. Unless otherwise noted, information in this Circular is given as at August 26, 2019.

It is expected that the solicitation of proxies will be primarily by mail, however, proxies may also be solicited by the officers, directors and employees of the Company by telephone, electronic mail, telecopier or personally. These persons will receive no compensation for such solicitation other than their regular fees or salaries. The cost of soliciting proxies in connection with the Meeting will be borne directly by the Company.

PART 1: VOTING INFORMATION

Who can vote?

Registered and Beneficial Shareholders

You have the right to receive notice of and vote at the Meeting, or any adjournment or postponement thereof, if you owned Common Shares of the Company or held a CHES Depository Interest over Common Shares (“**CDI**”) as of the close of business (Toronto time) on August 13, 2019 (the “**Record Date**”). Each Common Share you own entitles you to one vote in person or by proxy at all meetings of the Shareholders. Each CDI you hold entitles you to one vote at all meetings of the Shareholders, however you may only vote in accordance with the special voting instructions for CDI holders below.

You are a registered Shareholder if the Common Shares are registered in your name. This means that your name appears in the Shareholders’ register maintained by First Cobalt’s transfer agent, AST Trust Company (Canada) (“**AST Trust**”). You are a non-registered (or beneficial) Shareholder if your bank, trust company, securities broker or other financial institution or intermediary (your nominee) holds your Common Shares for you in a nominee account.

CHES Depository Nominees Pty Ltd. (“**CDN**”) is the Shareholder of record for all Common Shares beneficially owned by holders of CDIs. Holders of CDIs are entitled to receive notice of the Meeting and attend the Meeting and may direct CDN to vote at the Meeting by using the method described in the special voting instructions for CDI holders below.

Common Shares outstanding and principal holders of Common Shares

On August 26, 2019, the Company had 372,249,684 Common Shares issued and outstanding.

To the knowledge of the directors and executive officers of the Company, as of August 26, 2019, no person beneficially owns, directly or indirectly, or exercises control or direction over, 10% or more of the issued and outstanding Common Shares.

How to vote?

You can vote in person or by proxy. Voting by proxy means you are giving someone else the authority to attend the Meeting and vote your shares for you (called your proxyholder).

Completing the Proxy Form

This package includes a proxy form (for registered Shareholders) (the “**Proxy Form**”) that includes the names of First Cobalt officers or directors who are proxyholders. When you vote

by proxy, you are giving them the authority to vote your shares for you according to your instructions. If you return your Proxy Form and do not specify how you want to vote your Common Shares, one of these officers or directors will vote your Common Shares in favour of the items listed above.

You can also appoint someone else to be your proxyholder. Print his or her name in the space provided on the form, or by completing another Proxy Form and providing proper instructions to vote your Common Shares. This person does not need to be a Shareholder. Your vote can only be counted if he or she attends the Meeting and votes your Common Shares.

Your proxyholder will vote according to your instructions on these items and on any ballot that may be called for. If you do not specify how you want to vote your Common Shares, your proxyholder can vote as he or she sees fit. If there are changes or new items, your proxyholder has the discretionary authority to vote your shares on these items as he or she sees fit.

Returning your Proxy Form

To be effective, AST Trust must receive your completed Proxy Form no later than 10:00 a.m. (Toronto time) on September 23, 2019.

If the Meeting is postponed or adjourned, we must receive your completed Proxy Form by 10:00 a.m. (Toronto time), two full business days before any adjourned or postponed Meeting at which the proxy is to be used. Late proxies may be accepted or rejected by the Chairman of the Meeting at his discretion and he is under no obligation to accept or reject a late proxy. The Chairman of the Meeting may waive or extend the proxy cut-off without notice.

Exercise of discretion

With respect to matters specified in the proxy, if no voting instructions are provided, the nominees named in the accompanying Proxy Form will vote Common Shares represented by the proxy FOR the approval of such matter.

The nominee named in your Proxy Form will vote or withhold from voting in accordance with your instructions on any ballot that may be called for. The proxy will confer discretionary authority on the nominee with respect to matters identified in the Proxy Form for which a choice is not specified and any other matter that may properly come before the Meeting or any postponement or adjournment thereof, whether or not the matter is routine and whether or not the matter is contested.

As of the date of this Circular, Management is not aware of any amendment, variation or other matter that may come before the Meeting. If any amendment, variation or other matter properly comes before the Meeting, the nominee intends to vote in accordance with the nominee's best judgment.

Registered Shareholders

Registered Shareholders can vote by proxy or in person in one of the following ways:

Voting by proxy

Internet

Go to www.astvotemyproxy.com and follow the instructions on screen. You will need your control number, which appears below your name and address on the Proxy Form.

Fax and Email

Complete both sides of the Proxy Form, sign and date it and fax both sides to First Cobalt's transfer agent, AST Trust Company (Canada), Attention: Proxy Department, to 416.368.2502 or toll free in Canada and the United States to 1.866.781.3111 or scan and email to proxyvote@astfinancial.com.

Mail

Complete, sign and date the Proxy Form and return it in the envelope provided, or send it to: AST Trust, Attention: Proxy Department, P.O. Box 721, Agincourt, Ontario, M1S 0A1, Canada.

By appointing someone to attend in person

This person does not need to be a Shareholder. Strike out the names that are printed on the form and print the name of the person you are appointing as your proxyholder in the space provided. Complete your voting instructions, sign and date the form. Make sure the person you are appointing is aware that he or she has been appointed and attends the Meeting on your behalf. Your proxyholder should see a representative of AST Trust when he or she arrives at the Meeting.

Attending the Meeting in person

When you arrive at the Meeting, see a representative of AST Trust to register your attendance. Voting in person will automatically cancel any completed Proxy Form you previously submitted.

Beneficial Shareholders

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of Shareholders do not hold Common Shares in their own name. Shareholders who hold their Common Shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their Common Shares in their own name (referred to herein as "**Beneficial Shareholders**") should note that only proxies deposited by Shareholders who appear on the records maintained by the Company's registrar and transfer agent, AST Trust, as registered holders of Common Shares will be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Beneficial Shareholder by a broker, then those Common Shares will, in all likelihood, not be registered in the Shareholder's name. Such Common Shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such shares are registered under the name of Cede & Co. (the registration name for The Depository Trust Company, which acts as nominee for many United States brokerage firms). Common Shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted or withheld at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of Shareholder meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The form of instrument of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the Proxy Form provided directly to registered Shareholders by the Company. However, its purpose is limited to instructing the registered Shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. ("**Broadridge**") in Canada. Broadridge typically prepares a machine-readable voting instruction form, mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the voting instruction forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for

example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. A Beneficial Shareholder who receives a voting instruction form cannot use that form to vote Common Shares directly at the Meeting. The voting instruction forms must be returned to Broadridge (or instructions respecting the voting of Common Shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the Common Shares voted. If you have any questions respecting the voting of Common Shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.

Beneficial Shareholders fall into two categories - those who object to their identity being known to the issuers of securities which they own ("**OBOs**") and those who do not object to their identity being made known to the issuers of the securities which they own ("**NOBOs**"). Subject to the provisions of National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**"), issuers may request and obtain a list of their NOBOs from intermediaries directly or via their transfer agent and may obtain and use the NOBO list for the distribution of proxy-related materials directly (not via Broadridge) to such NOBOs. The Company will not be sending proxy-related materials directly to NOBOs.

The Company's OBOs can expect to be contacted by Broadridge or their brokers or their broker's agents as set out above. The Company does not intend to pay for intermediaries to deliver proxy-related materials to OBOs and accordingly, if the OBO's intermediary does not assume the costs of delivery of those documents in the event that the OBO wishes to receive them, the OBO may not receive the documentation.

A Beneficial Shareholder receiving a voting instruction form cannot use that voting instruction form to vote the Common Shares directly at the Meeting or any adjournment or postponement thereof. Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his or her broker, a Beneficial Shareholder may obtain a legal proxy from such broker, or Broadridge as the agent for that broker, to attend the Meeting as a proxyholder for the registered Shareholder and vote their Common Shares in that capacity. To do this, a Beneficial Shareholder must enter their own name in the blank space on the voting instruction form indicating that they or their appointee are going to attend and vote at the Meeting and return the voting instruction form to their broker or Broadridge in accordance with the instructions provided well in advance of the Meeting. Beneficial Shareholders will need to bring the legal proxy to the Meeting in order to vote their Common Shares.

All references to Shareholders in the Notice of Meeting, Circular and the accompanying Proxy Form are to registered Shareholders of the Company as set forth on the list of registered Shareholders of the Company as maintained by the registrar and transfer agent of the Company, AST Trust, unless specifically stated otherwise.

Revoking Your Proxy

Registered Shareholders can revoke a vote you made by proxy in one of three ways:

1. Complete a new Proxy Form that is dated later than the Proxy Form you want to revoke, and then mailing it to AST Trust, so they receive it by 10:00 a.m. (Toronto time) on September 23, 2019;
2. Send a notice in writing to the registered office of the Company at Suite 2400, Bay-Adelaide Centre, 333 Bay Street, Toronto, Ontario, M5H 2T6 so that it is received by 5:00 p.m. (Toronto time) on September 24, 2019 or, if the Meeting is adjourned, the last business day preceding the day of the postponed Meeting; or
3. Provide a notice in writing to the Chairman of the Meeting at the Meeting or, if it is adjourned, when the Meeting resumes.

Special Voting Instructions for CDI Holders

CDI holders can attend the Meeting; however, are unable to vote in person at the Meeting. Each CDI represents one Common Share. Therefore, each CDI holder will be entitled to one vote for every CDI that they hold.

In order to have votes cast at the Meeting on their behalf, CDI holders must complete, sign and return the enclosed CDI Voting Instruction Form in accordance with the instructions below.

CDI Voting Instruction Forms may be lodged in one of the following ways:

In Person

Hand deliver your completed, signed and dated CDI Voting Instruction Form to: Link Market Services, 1A Homebush Bay Drive, Rhodes NSW 2138.

Mail

Complete, sign and date the CDI Voting Instruction Form and send it to: First Cobalt Corp. c-/ Link Market Services, Locked Bag A14, Sydney South NSW 1235.

Fax

Complete, sign and date the CDI Voting Instruction Form and fax it to: +61 2 9287 0309.

Internet

Go to www.linkmarketservices.com.au and follow the following instructions as follows: Select 'Shareholders Login' and in the 'Single Holding' section enter First Cobalt Corp or the ASX code FCC in the Issuer name field, your Security Reference Number (SRN) or Holder Identification Number (HIN) (which is shown on the front of your voting instruction form), postcode and security code which is shown on the screen and click 'Login'. Select the 'Voting' tab and then follow the prompts. You will be taken to have signed your CDI Voting Instruction Form if you lodge it in accordance with the instructions given on the website.

Completed CDI Voting Instruction Forms must be provided to Link Market Services no later than 10:00 a.m. (Toronto time) on September 19, 2019, in accordance with the instructions on that form. The CDI voting deadline is two business days prior to the date that Proxy Forms are due so that CDN may vote the Common Shares underlying the applicable CDIs.

If the Meeting is postponed or adjourned, completed CDI Voting Instruction Forms must be provided to Link Market Services no later than 10:00 a.m. (Toronto time), four full business days before any adjourned or postponed Meeting at which the proxy is to be used.

A CDI holder may revoke a CDI Voting Instruction Form by giving written notice to CDN, or by submitting a new CDI Voting Instruction Form bearing a later date, well in advance of the Meeting.

Electronic Delivery of Material

You have the option to receive certain disclosure documentation from First Cobalt electronically. Delivery in electronic format, rather than paper, reduces costs to the Company and benefits the environment. Registered Shareholders can consent to electronic delivery by completing and returning the consent form accompanying this Circular to AST Trust. Beneficial Shareholders can consent to electronic delivery by completing and returning the appropriate form received from their intermediary. If you do not consent to receive documentation through email notification, you will continue to receive documentation by mail.

If you wish to receive (or continue to receive) quarterly financial statements and Management's Discussion and Analysis (the "MD&A") by mail during 2019, you must check

the appropriate box on the form of proxy (if you are a registered Shareholder) or voting instruction form (if you are a Beneficial Shareholder). If you do not make this request, quarterly reports will not be sent to you. Financial statements and MD&A are available on the Company's website at www.firstcobalt.com.

PART 2: BUSINESS OF THE MEETING

The Meeting will be held in order to:

1. To receive the audited financial statements of the Company for the year ended December 31, 2018, together with the report of the Auditors thereon;
2. To appoint MNP LLP, Chartered Professional Accountants, as the Auditor of the Company for the ensuing year, and to authorize the directors to fix the remuneration to be paid to the Auditor (*Resolution 1*);
3. To fix the number of directors of the Company for the ensuing year at five (*Resolution 2*);
4. To elect directors of the Company for the ensuing year (*Resolution 3*);
5. To consider and, if deemed advisable, to approve, with or without variation, an ordinary resolution ratifying, confirming and approving the Company's amended and restated long-term incentive plan (the "**Amended and Restated LTIP**") (*Resolution 4*); and
6. To transact such further or other business as may properly come before the meeting or any adjournment or adjournments thereof.

1. Receipt of Financial Statements

The audited financial statements of the Company for year ended December 31, 2018 together with the report of the auditors thereon, will be presented to the Shareholders at the Meeting. Copies of the financial statements, the auditors' report and management's discussion and analysis for the year ended December 31, 2018, have been mailed to all registered Shareholders and Beneficial Shareholders who have opted to receive such materials. These documents can also be found on the Company's website at www.firstcobalt.com and are also available on SEDAR at www.sedar.com.

No formal action will be taken at the Meeting to approve the financial statements. If any Shareholder has questions regarding such financial statements, such questions may be brought forward at the Meeting.

2. Appointment of Auditor

Management of the Company has recommended to the board of directors of the Company (the "**Board**") that the Company propose MNP LLP, Chartered Professional Accountants ("**MNP LLP**"), the incumbent auditors, to the Shareholders for re-election as the Company's auditors. Accordingly, unless such authority is withheld, the persons named in the accompanying proxy intend to vote FOR the reappointment of MNP LLP, as auditors of the Company for the ensuing year, until the close of the next annual general and special meeting of Shareholders, at a remuneration to be fixed by the directors. MNP LLP was first appointed auditors of the Company on May 27, 2014.

3. Election of Directors

Nominees for the Board of Directors

The Board is currently comprised of six directors; however, the Company has nominated five individuals for election to the Board. As such, the Shareholders will be asked to set the Board at five and elect five directors to serve until the next annual meeting. The term of office for each of the Company's present directors expires at the conclusion of the Meeting.

Management of the Company has nominated each of John Pollesel, Trent Mell, Garrett Macdonald, and C.L. "Butch" Otter, each a current director of the Company, for re-election.

In addition, Management of the Company has nominated Susan Uthayakumar for election as a new director of the Company, which would bring the total number of directors to five.

The Company expects all of its directors to demonstrate leadership and integrity and to conduct themselves in a manner that reinforces the Company's corporate values and culture of transparency, teamwork and individual accountability. Above all, the Company expects that all directors will exercise their good judgment in a manner that keeps the interests of Shareholders at the forefront of decisions and deliberations. Each candidate must have a demonstrated track record in several of the skills and experience requirements deemed important for a balanced and effective Board.

Director Independence

A director is not independent if he has a direct or indirect relationship that the Board believes could reasonably be expected to interfere with his ability to exercise independent judgment. The Board has determined that it is the best interests of the Company to ensure a majority independent Board at all times.

As of the date of this Circular, five of the Company's six directors are independent. In addition, four of the five nominees would be considered independent in the event they are duly elected to the Board. Trent Mell is the Company's President and Chief Executive Officer ("**CEO**") and is therefore not considered independent.

Director Profiles

The following table sets out the names of the nominees for election as directors, the offices they hold within the Company, their occupations, the length of time they have served as directors of the Company, and the number of securities of the Company which each beneficially owns, directly or indirectly, or over which control or direction is exercised, as of the date hereof.

Advance Notice Provision

The Company's articles contain advance notice provisions (the "**Advance Notice Provision**"), which require that advance notice be given to the Company in circumstances where nominations of persons for election to the Board are made by Shareholders other than pursuant to: (i) a requisition of a meeting made pursuant to the provisions of the *Canada Business Corporations Act* ("**CBCA**"); or (ii) a Shareholder proposal made pursuant to the provisions of the CBCA.

Among other things, the Advance Notice Provision fixes a deadline by which holders of Common Shares must submit director nominations to the Company prior to any annual or special meeting of Shareholders and sets forth the minimum information that a Shareholder must include in the notice to the Company for the notice to be in proper written form.

The Advance Notice Provision will allow the Company to receive adequate prior notice of director nominations, as well as sufficient information on the nominees. The Company will thus be able to evaluate the proposed nominees' qualifications and suitability as directors. It will also facilitate an orderly and efficient meeting process.

The Company did not receive notice of a nomination in compliance with the Advance Notice Provision, and as such, any nominations other than nominations by or at the direction of the Board or an authorized officer of the Company will be disregarded at the Meeting.

4. Amended and Restated Long-Term Incentive Plan

The Company is proposing amendments to its Amended and Restated LTIP (the "**2018 LTIP**") to fix the total number of options that can be issued under the plan (the "**2019 LTIP**"). In addition, as the Company is no longer listed on the Australian Securities Exchange ("**ASX**"), certain ASX requirements included in the previous Amended and Restated LTIP have been removed. No other amendments are being proposed.

The purpose of the 2019 LTIP is to align the interests of those directors, employees and consultants designated by the Board as being eligible to participate in the 2019 LTIP with those of the Company and its Shareholders and to assist in attracting, retaining and motivating key employees by making a portion of the incentive compensation of participating employees directly dependent upon the achievement of key strategic, financial and operational objectives that are critical to ongoing growth and increasing the long-term value of the Company. In particular, the 2019 LTIP is designed to allow the Board to grant Awards to promote the long-term success of the Company and the creation of Shareholder value by: (a) encouraging the attraction and retention of directors, key employees and consultants of the Company and its subsidiaries; (b) encouraging such directors, key employees and consultants to focus on critical long-term objectives; and (c) promoting greater alignment of the interests of such directors, key employees and consultants with the interests of the Company.

An "**Award**" means an option ("**Option**"), performance share unit ("**PSU**"), restricted share unit ("**RSU**") and deferred share unit ("**DSU**") granted under the Amended and Restated LTIP (or once approved, the 2019 LTIP).

The 2018 LTIP is a rolling plan, which provides for the replenishment of the number of shares reserved for issuance as options and other awards are exercised. In order to conform with current corporate governance best practice, the proposed 2019 LTIP will be a fixed plan whereby that will be a fixed maximum number of shares reserved for potential issuance upon exercise of PSUs, RSUs, DSUs and stock options. Pursuant to the 2019 LTIP, Common Shares reserved for Awards under the LTIP, together with any other equity compensation plans of the Company, shall not exceed a total of 28,000,000 common shares. This represents approximately 7.5% of the current issued and outstanding Common Shares of the Company (on a non-diluted basis). In addition, the Company also proposes to set the following limits on the total maximum of outstanding Common Shares reserved under the 2019 LTIP:

- a) up to a maximum of 2,000,000 Common Shares may be reserved for issuance upon conversion of RSUs granted pursuant to the Amended and Restated LTIP;
- b) up to a maximum of 4,000,000 Common Shares may be reserved for issuance upon conversion of PSUs granted pursuant to the Amended and Restated LTIP;
- c) up to a maximum of 4,000,000 Common Shares may be reserved for issuance upon conversion of DSUs granted pursuant to the Amended and Restated LTIP; and
- d) Up to a maximum of 18,000,000 Common Shares may be reserved for issuance upon the exercise of Options.

The limits for RSUs, PSUs and DSUs are unchanged from the previous plan. The only material change contemplated in the 2019 LTIP is to limit the total stock options that can be granted by the Company so that the maximum does not increase with new issuances of Common Shares nor would the number of securities be replenished as awards are exercised.

If approved, the 2019 LTIP will be the Company's only compensation plan providing for the issuance of securities of the Company as compensation.

The Board is requesting that Shareholders affirm, ratify and approve the 2019 LTIP. Accordingly, at the Meeting, Shareholders will be asked to consider, and if thought fit, to approve the 2019 LTIP by ordinary resolution.

The 2019 LTIP is also subject to approval of the TSX Venture Exchange ("**TSXV**") which will be obtained subsequent to the Meeting and shareholder approval.

B. Performance Share Units			
PSU Terms	A PSU is a notional security but, unlike other equity based incentives, vesting is contingent upon achieving certain performance criteria, thus ensuring greater alignment with the long-term interests of shareholders. The terms applicable to PSUs under the 2019 LTIP (including the performance cycle, performance criteria for vesting and whether dividend equivalents will be credited to a participant's PSU account) are determined by the Board at the time of the grant.		
Vesting	PSUs do not vest, and cannot be paid out (settled), until the completion of the performance cycle. For Canadian taxpayers, the performance cycle shall in no case end later than December 31 of the calendar year that is three years after the grant date.		
Settlement	At the grant date, the Board shall stipulate whether the PSUs are paid in cash, shares, or a combination of both, in an amount equal to the Market Value of the notional shares represented by the PSUs in the holders' account.		
C. Restricted Share Units			
RSU Terms	An RSU is a notional security that entitles the recipient to receive cash or shares at the end of a vesting period. The terms applicable to RSUs under the 2019 LTIP (including the vesting schedule and whether dividend equivalents will be credited to a participant's RSU account) are determined by the Board at the time of the grant.		
Credit to RSU Account	As dividends are declared, additional RSUs may be credited to RSU holders in an amount equal to the greatest whole number which may be obtained by dividing (i) the value of such dividend or distribution on the record date established therefore by (ii) the Market Price of one share on such record date.		
Vesting	RSUs vest upon lapse of the applicable restricted period. For employees, vesting generally occurs in three equal instalments on the first three anniversaries of the grant date. For directors, one third of the Award may be immediately vesting, with the balance vesting equally over the first two anniversaries of the grant date.		
Settlement	At the grant date, the Board shall stipulate whether the RSUs are paid in cash, shares, or a combination of both, in an amount equal to the Market Value of the notional shares represented by the RSUs in the holders' account.		
D. Deferred Share Units			
DSU Terms	A DSU is a notional security that entitles the recipient to receive cash or shares upon resignation from the Board (in the case of directors) or at the end of employment. The terms applicable to DSUs under the 2019 LTIP (including whether dividend equivalents will be credited to a participant's DSU account) are determined by the Board at the time of the grant.		

	Typically, DSUs have been granted (i) as a component of a director's annual retainer, or (ii) as a component of an officer's annual incentive grant. The deferral feature strengthens alignment with the long-term interests of shareholders.
Credit to DSU Account	As dividends are declared, additional DSUs may be credited to DSU holders in an amount equal to the greatest whole number which may be obtained by dividing (i) the value of such dividend or distribution on the record date established therefore by (ii) the Market Price of one share on such record date.
Vesting	DSUs are fully vested upon grant.
Settlement	DSUs may only be settled after the date on which the holder ceases to be a director, officer or employee of the Company. At the grant date, the Board shall stipulate whether the DSUs are paid in cash, shares, or a combination of both, in an amount equal to the Market Value of the notional shares represented by the DSUs in the holders' account.

PART 3: ABOUT FIRST COBALT

Corporate Governance Practices

First Cobalt believes in the importance of a strong Board and sound corporate governance policies and practices to direct and manage its business affairs. Good corporate governance is essential to retaining the trust of the Shareholders, attracting the right people to the organization and maintaining the Company’s social license in the communities where it works and operates. First Cobalt also believes that good governance enhances its performance.

The Company’s governance framework is evolving as the Company continues to grow. First Cobalt’s governance policies also respect the rights of Shareholders and comply with the rules of the Canadian Securities Administrators (“**CSA**”) and the TSXV.

The Board has adopted Board and committee mandates as well as other policies and practices. Independent directors are expected to hold in-camera meetings at each quarter-end Board meeting. A copy of the Company’s Code of Business Conduct and Ethics (“**Code of Conduct**”), as well as Board and committee mandates, are posted on First Cobalt’s website at www.firstcobalt.com and can be requested from the Company.

The Board has not adopted policies on mandatory retirement or overboarding, on the belief that age or number of board seats are not, in themselves, determinants of a director’s ability to make an effective contribution to the Company. Overboarding thresholds will be higher, for instance, for directors who are retired from active employment.

The following discussion outlines some of First Cobalt’s current corporate governance practices, particularly with respect to the matters addressed by National Policy 58-201 –

Corporate Governance Guidelines (the "**Canadian Guidelines**") and National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("**NI 58-101**"), adopted by the CSA.

Code of Conduct

First Cobalt is committed to adhering to high standards of corporate governance. The Company's Code of Conduct reflects its commitment to conduct its business in accordance with all applicable laws and regulations and the highest ethical standards. The Code of Conduct has been adopted by the Board and applies to every director, officer and employee of the Company. In addition, directors, officers and employees must also comply with corporate policies, including First Cobalt's Disclosure and Insider Trading Policy.

The Code of Conduct requires high standards of professional and ethical conduct in the Company's business dealings. First Cobalt's reputation for honesty and integrity is integral to the success of its business and no person associated with the Company will be permitted to achieve results through violations of laws or regulations or through unscrupulous dealings. First Cobalt's business activities are always expected to be conducted with honesty, integrity and accountability.

The Board of Directors monitors compliance with the Code of Conduct through its Audit Committee, which oversees the Company's anonymous whistleblower program. Any incidences of non-compliance would be reviewed by Management and reported to the Audit Committee or the Board.

Activities that may give rise to conflicts of interest are prohibited unless specifically approved by the Board or the Audit Committee. To ensure that directors exercise independent judgment, each director must disclose all actual or potential conflicts of interest or material interest and refrain from voting on matters in which such director has a conflict of interest. The director must also excuse himself or herself from any discussion on the matter.

Role of the Board of Directors

The primary responsibility of the Board is to supervise the management of the business and affairs of the Company. In discharging its fiduciary duties, Board members are expected to use their experience and expertise to guide Management and ensure good governance practices are adhered to. The Board oversees the Company's systems of corporate governance and financial reporting and controls to ensure that the Company reports adequate and reliable financial and other information to Shareholders and engages in ethical and legal conduct.

The Company expects each member of its Board to act honestly and in good faith and to exercise business judgment that is in the best interests of the Company and its stakeholders. The Chairman does not have a second or casting vote in the case of equality of votes in any matter brought before the Board.

In addition to possessing the requisite skill and experience required to carry out their functions, directors must demonstrate a track record of honesty, integrity, ethical behaviour, fairness and responsibility and a commitment to representing the long-term interests of First Cobalt's stakeholders. They must also be able to devote the time required to discharge their duties and responsibilities effectively.

In addition to the foregoing, each director is expected to:

- Develop an understanding of First Cobalt's strategy, business environment, the market in which the Company operates and its financial position and performance;
- Be willing to share expertise and experience with Management and fellow directors, and to use a respectful, collegial approach in challenging the views of others;
- Diligently prepare for each Board and committee meeting by reviewing all of the meeting materials in advance of the meeting date;

- Actively and constructively participate in each meeting and seek clarification when necessary to fully understand the issues being considered;
- Leverage experience and wisdom in making sound strategic and operational business decisions; and
- Demonstrate business acumen and a mindset for risk oversight.

Mandates

A copy of the Board Mandate outlining the role and responsibilities of the Board is included as Schedule 1 to this Circular. In order to delineate their respective roles and responsibilities, written position descriptions for the Chairman of the Board and the CEO are being developed.

The responsibilities of the Chairman include providing overall leadership to enhance the effectiveness of the Board; assisting the Board, committees and the individual directors in effectively understanding and discharging their duties and responsibilities; overseeing all aspects of the Board and committee functions to ensure compliance with the Company's corporate governance practices; acting as an adviser and confidant to the CEO and other executive officers; and ensuring effective communications between the Board and Management. The Chairman is also required to coordinate and preside at all meetings of the Board and Shareholders.

The responsibilities of the CEO include (subject to the oversight of the Board) general supervision of the business of the Company; providing leadership and vision to the Company; developing and recommending significant corporate strategies and objectives for approval by the Board; developing and recommending annual operating budgets for approval by the Board; and working with the Board on talent development and succession planning. The CEO communicates regularly with the Board to ensure that directors are being provided with timely and relevant information necessary to discharge their duties and responsibilities.

Risk Oversight

The Board oversees an enterprise-wide approach to risk management designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance shareholder value. A fundamental part of risk management is not only understanding the risks a company faces and what steps Management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. The involvement of the full Board in setting the Company's business strategy is a key part of its assessment of the Board's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company.

Board Effectiveness

On an annual basis, directors review the Board's performance and effectiveness as well as the effectiveness and performance of its committees. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives. The contributions of individual directors are informally monitored by other Board members, bearing in mind the particular credentials of the individual and the purpose of originally nominating the individual to the Board.

The Board believes its corporate governance practices are appropriate and effective for the Company, given its size and scope of activities. The Company's corporate governance practices allow the Company to operate efficiently, with checks and balances that control and monitor Management and corporate functions without excessive administration burden.

Director Orientation and Education

At present, the Company does not provide a formal orientation program for new directors. New directors are briefed on the Company's current property holdings, ongoing exploration programs, overall strategic plans, short, medium and long term corporate objectives, financials status, general business risks and mitigation strategies, and existing Company

policies. This is considered to be appropriate, given the Company's size and current level of operations, the ongoing interaction amongst the directors and the low director turn-over. However, if the growth of the Company's operations warrants it, it is possible that a formal orientation process would be implemented.

The skills and knowledge of the Board as a whole is such that no formal continuing education process is currently deemed required. The Board is comprised of individuals with varying backgrounds, who have, both collectively and individually, extensive experience in running and managing public companies, particularly in the natural resource sector. Board members are encouraged to communicate with management, auditors and technical consultants to keep themselves current with industry trends and developments and changes in legislation, with management's assistance. The directors are advised that, if a director believes that it would be appropriate to attend any continuing education event for corporate directors, the Company will pay for the cost thereof. Board members have full access to the Company's records. Reference is made to the table under the heading "*Election of Directors*" for a description of the current principal occupations of the members of the Board.

Committees of the Board

There are currently two standing committees of the Board: the Audit Committee and the Compensation, Governance, and Nominating Committee (the "**CGN Committee**").

Audit Committee

The purpose of the Audit Committee is to assist the Board in its oversight of: the integrity of First Cobalt's financial reporting process and the quality, transparency and integrity of its financial statements and other related public disclosures; the Company's internal controls over financial reporting; compliance with legal and regulatory requirements relevant to First Cobalt's financial statements; the external auditors' qualifications and independence; and the performance of the internal audit function and the external auditors.

More particularly, the Committee oversees the Company's practices with respect to preparation and disclosure of financial related information, including through its oversight of the integrity of the quarterly and annual financial statements and management's discussion and analysis; compliance with accounting and finance-related legal requirements; the audit of the consolidated financial statements; the appointment and performance review of the independent auditors; the accounting and financial reporting practices and procedures including disclosure controls and procedures; the system of internal controls including internal controls over financial reporting and management of financial business risks that could materially affect First Cobalt.

A copy of the Audit Committee's mandate is included as Schedule 2 to this Circular.

All members of the Audit Committee are "financially literate" and "financial experts", within the meaning of applicable regulations. In considering criteria for determination of financial literacy, the Board assesses the ability to understand financial statements of the Company. interfere with the exercise of the member's independent judgment. All members of the Audit Committee other than Mr. Trent Mell are "independent" within the meaning of NI 52-110.

CGN Committee

The CGN Committee has been created to assist the Board in fulfilling its responsibility for developing and recommending corporate governance principles applicable to the Company and overseeing qualified individuals in board and management positions. The GCN Committee also makes recommendations to the Board concerning executive compensation matters. The CGN Committee is responsible for the review and assessment of the compensation arrangements for the Company's NEOs (as defined below). The Board (exclusive of the CEO, who is also a member of the Board) approves executive compensation. The CGN Committee rely on their experience and background in the mining and finance sectors, both as senior executives and as members of the boards of directors of other public companies and work with the Management to make executive compensation decisions in the best interests of the Company. In assessing individual executive compensation, the CGN Committee, with input from Management, consider the compensation of the individual's peers in comparable industries, the individual's experience, performance and historical compensation and the overall performance of the Company.

Composition of the CGN Committee

The CGN Committee is currently comprised of Messrs. Trent Mell and John Pollesel (Chair).

PART 4: EXECUTIVE COMPENSATION

Report of the Compensation, Governance, and Nominating Committee

The Company is pleased to give you important background information and context to the executive compensation discussion and analysis that follows and the decisions made about executive compensation for the financial year ended December 31, 2018. The Company's executive compensation philosophy is based on pay for performance and prudent risk management to motivate the senior leadership to execute corporate strategy in a manner that delivers strong results for Shareholders.

Our Approach to Compensation

The current compensation plan adopts a balanced approach between shorter-term results and longer-term strategic objectives and is designed with the following considerations in mind:

- Linking compensation to the Company's performance;

- Emphasizing variable compensation that is contingent upon achievement of key business objectives;
- Compensating executives at a level and in a manner that ensures First Cobalt is capable of attracting, motivating and retaining superior talent; and
- Aligning the interests of executive officers with the short- and long-term interests of Shareholders.

To strengthen the alignment between pay and performance, a percentage of the senior executive officers' compensation is variable in nature, in the form of cash bonuses and stock options, RSUs, PSUs and DSUs pursuant to the Amended and Restated LTIP. The Amended and Restated LTIP provides the Company flexibility in the design of executive compensation programs, including vesting criterion contingent on future performance.

Compensation Discussion and Analysis

The compensation discussion and analysis describes First Cobalt's compensation policies and practices for its Chief Executive Officer, Chief Financial Officer and its two other most highly compensated executive officers. These individuals are referred to in this compensation discussion and analysis as the "Named Executive Officers" ("**NEOs**").

The CGN Committee considers the implications of the risks associated with the Company's compensation policies and practices and reports such implications to the Board. The Board strives to ensure that the members of the CGN Committee have the skills and experience required to make decisions on whether the Company's compensation policies and practices are consistent with its risk profile. The CGN Committee believes that the executive compensation structure addresses potential risks by tying a portion of overall compensation to the achievement of certain milestones, including: (i) criteria relating to annual performance, in the case of bonus payments and (ii) vesting periods for Options or other Awards. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

The Company's NEOs and directors are not permitted to purchase financial instruments that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director. For greater certainty, but without limiting the generality of the foregoing, such financial instruments include prepaid variable forward contracts, equity swaps, collars, or units of exchange funds.

Named Executive Officers

During the financial year ended December 31, 2018, First Cobalt's NEOs were Trent Mell, the President and Chief Executive Officer of the Company, Kevin Ma, the former Chief Financial Officer of the Company, Ryan Snyder, the current Chief Financial Officer of the Company, Frank Santaguida, the Vice-President Exploration of the Company, and Peter Campbell, the Vice-President Business Development of the Company.

Objectives of the Executive Compensation Program

The Company's executive compensation practices underpin a number of objectives:

- Attract, motivate and retain highly qualified and experienced executives;
- Recognize and reward contributions to the success of the Company as measured by the accomplishment of performance objectives;
- Ensure that a significant proportion of compensation is directly linked to the success of the Company while not encouraging excessive or inappropriate risk-taking;
- Promote adherence to the high standards and values reflected in the Company's Code of Conduct and Sustainability Charter;
- Ensure retention by setting total direct compensation targets at a level that is competitive with the markets in which the Company competes; and

- Protect long-term Shareholder interests by ensuring NEOs and other senior executives' interests are aligned with those of Shareholders.

Fundamentally, the Company's compensation practices are intended to promote value-creation actions for the benefit of Shareholders, and to reward individual and team efforts for meeting short-term and long-term objectives.

Executive Compensation Strategy

NEOs cannot control a number of significant factors that impact financial results, including commodity prices, foreign exchange rates, and regulatory uncertainty. Compensation program design thus considers factors over which the executive officers can exercise control, such as meeting budget targets established by the Board at the beginning of each year, controlling costs, mitigating risks, taking successful advantage of business opportunities and enhancing the competitive and business prospects of the Company.

Elements of Compensation

Compensation is comprised of three main components: base salary, annual bonus, and stock options and other long-term incentives.

- a) *Base Salary* – The primary element of the Company's compensation program is base salary. The Company's view is that a competitive base salary is a necessary element for retaining qualified executive officers. The amount payable to an executive officer as base salary is determined primarily by the number of years' experience, personal performance, and by comparisons to the base salaries and total compensation paid to executives of comparable publicly-traded companies within the Canadian mineral exploration sector, specifically those focused on developing battery minerals. For the 2018 calendar year, which includes the most recently completed financial year, the general criteria applied in selecting the comparator group were as follows:
- Industry/Sub-industries: Mining – Cobalt, Lithium, Nickel
 - Stage of Development: Exploration and Development

Based on those criteria, the following group of companies in 2018 was determined to be an appropriate comparator group:

Company Name	Market Cap (\$)	Stage
Clean TeQ Holdings Limited	\$271,112,260	Developing
eCobalt Solutions Inc.	\$88,026,062	Developing
Fortune Minerals	\$25,500,242	Exploration
Millennial Lithium Corp.	\$86,714,670	Exploration/Developing
Sigma Lithium Resources Corp.	\$130,586,627	Exploration/Developing
Neo Lithium Corp.	\$72,850,794	Exploration/Developing
Jervois Mining Limited	\$43,254,972	Exploration
Noront Resources	\$81,351,004	Exploration/Developing

Based on a review of the peer group noted, the base salaries and total compensation paid to CEO of the Company were below the average range of the peer group and other NEOs were found to generally align with the median range of the peer group. Compensation amounts were thus deemed reasonable.

- b) *Annual Bonus* - Along with the establishment of competitive base salaries and long-term incentives, one of the objectives of the executive compensation strategy is to encourage and recognize strong levels of performance by linking achievement of corporate and individual goals and objectives with variable cash compensation in the form of an annual bonus. Bonuses awarded to executive officers during the most recently completed financial year have been determined by the Board upon the recommendation of the CGN Committee on a fully qualitative basis by reference to the success of the Company and each executive officer's contribution in the year.

Management's core objectives for 2018 were to:

- Continue to grow the Company through successful corporate development and exploration activities
- Deliver a maiden NI 43-101 compliant resource estimate for one of the Company's properties
- Pursue options to re-start the First Cobalt Refinery
- Outperform the Company's peer group

In Q1 2018, the Company announced a friendly all-share deal to acquire US Cobalt and its wholly-owned Iron Creek Project in the Idaho Cobalt Belt. In Q3, management issued a maiden resource estimate for Iron Creek, making the asset the Company's flagship mineral property. Throughout the year, a number of engineering, metallurgical and permitting studies and reviews were completed on the First Cobalt Refinery, culminating in an agreement in principle with Glencore to enter into a long term strategic relationship to potentially recommission and expand the refinery to supply cobalt to the electric vehicle industry.

Given the foregoing accomplishments, the Board concluded that management achieved the first three objectives. Prior to the pressure on the cobalt market witnessed in the second half of the year, the Board agreed to award certain NEOs a cash bonus if two significant achievements were completed: an acquisition and a 43-101 compliant resource estimate. As these milestones were achieved, these bonuses were paid out. The Chairman also received a cash bonus for his role in the US Cobalt acquisition.

In the second half of 2018, market conditions for cobalt deteriorated, with a significant decrease in the spot cobalt price and uncertainty in the capital markets. All cobalt industry peer had significant decreases in market capitalization, with the Company not being an exception. As the Company did not outperform its peer group and in light of the difficult market conditions, the Board concluded that no annual performance bonuses should be paid for the 2018 year, nor would salaries and long term incentive grants be reviewed. Therefore, the only cash bonuses paid to Management occurred during the year upon completion of the US Cobalt transaction and the completion of the Iron Creek resource estimate.

- c) *Stock Options and other long-term incentives* - The award of Options is intended to give each Option holder an interest in preserving and maximizing shareholder value in the longer term. In addition, the grant of Awards generally is intended to align the interests of executive officers with those of shareholders and to enable the Company to attract and retain individuals with experience and ability. Award grants are considered when reviewing executive officer compensation packages as a whole. Options generally have a five-year term, are subject to vesting provisions of up to two years and carry an exercise price equal to the fair value of the Common Shares as at the granting date. DSUs generally vest immediately upon grant but may not be exercised until the director ceases to serve on the Board. PSUs generally vest in two tranches over a 12-month period contingent on achieving strategic corporate objectives. No PSUs or RSUs are currently outstanding. There are 1,811,897 DSUs outstanding as of the date of this report. The periodic award of Awards under the Amended and Restated LTIP is determined by the Board based on the recommendations of the CGN Committee, is discretionary and takes into account previous Option awards as well as typical market practices of the comparator group of companies.

- (8) Upon appointment as CEO of the Company, Trent Mell obtained Common Shares issued at \$0.50 per share rather than a base salary for the 2017 calendar year. This represents a value of \$17,473 and \$195,000 for the financial years ended March 31, 2017 and December 31, 2017, respectively.
- (9) During 2017, Trent Mell, Frank Santaguida and Peter Campbell, were granted 194,894, 104,760, and 104,760 PSUs, respectively, under the Amended and Restated LTIP. These PSUs were determined to vest in two tranches over a 12-month period contingent on achieving strategic corporate objectives. Further, these PSUs were determined to be settled in Common Shares, in an amount equal to the market value of the notional shares represented by the PSUs in the holders' account. Subsequent to December 31, 2017, these PSUs were cancelled at the request of the ASX and were re-granted in 2018. As the re-grant was administrative in nature and the awards related to 2017 performance, the values have been included in 2017 and reflect the fair value of these PSUs on their ultimate final grant date. Trent Mell was also granted an additional 120,833 PSUs in 2018 with vesting tied to achieving corporate objectives.

⁽¹⁰⁾ This column includes the grant date fair value of all Options granted by the Company to the Named Executive Officers during the indicated year. All grant date fair values equal the accounting fair values determined for financial reporting purposes in accordance with IFRS 2 Share-based Payment and were estimated using the Black-Scholes option pricing model. The Black-Scholes options pricing model has been used to determine grant date fair value due to its wide acceptance across industry as an option valuation model, and because it is the same model the Company uses to value options for financial reporting purposes. The 2017 details include the fair value of options originally granted in 2017, then cancelled at the request of the ASX for administrative purposes and re-granted in 2018. These options related to 2017 performance.

⁽¹¹⁾ Management bonuses were paid on the basis of achieving certain corporate objectives for the year. See "Elements of Compensation - Annual Bonus" above.

⁽¹²⁾ Kevin Ma was CFO of the company until October 21, 2018 and continued to provide services through the end of the year.

Narrative Discussion

The Company recognizes the contribution that its directors make to the Company and seeks to compensate them accordingly. Compensation of directors of the Company is reviewed annually and determined by the Board. The level of compensation for directors is determined after consideration of various relevant factors, including the expected nature and quantity of duties and responsibilities, past performance, comparison with compensation paid by other issuers of comparable size and nature, and the Company's financial resources.

In the Board's view, there is, and has been, no need for the Company to design or implement a formal compensation program for directors. Directors are entitled to participate in security-based compensation arrangements or other plans adopted by the Company from time to time with the approval of the Board.
