### **About First Cobalt**

First Cobalt is a North American cobalt company and owner of the only permitted primary cobalt refinery in North America. The Company is exploring a restart of the First Cobalt Refinery in Ontario, Canada, which could produce over 5,000 tonnes of contained cobalt in sulfate per year from third party feed. First Cobalt’s main cobalt exploration project is the Iron Creek Cobalt Project in Idaho, USA, which has an inferred mineral resource estimate available on the Company’s website. The Company also controls a significant land package in the Canadian Cobalt Camp spanning over 100 km<sup>2</sup>, which contains more than 50 past producing mines.
