About First Cobalt

First Cobalt is a North American cobalt company and owner of the only permitted primary cobalt refinery in North America. The Company recently entered into a US\$5 million loan facility with Glencore AG to complete feasibility study to recommission and expand the refinery under a long-term supply arrangement. First Cobalt’s main cobalt project is the Iron Creek Cobalt Project in Idaho, USA, which has an inferred mineral resource estimate available on the Company’s website. The Company also controls a significant land package in the Canadian Cobalt Camp, spanning over 100 km² which contains more than 50 past producing mines.

On behalf of First Cobalt Corp.
